Eye doctor visits without a vision plan can be expensive. **Superior Vision by MetLife** helps you and eligible family members pay for eye exams, glasses, contact lenses and more. Superior Vision by MetLife makes it simple to get the vision coverage you need.

Routine vision exams are not only important for your eyes. They may also help catch early signs of serious problems, such as diabetes, high blood pressure, heart disease, certain cancers and other conditions.[1]

How Superior Vision by MetLife can benefit you:

Choose the eye care provider you want

- Access to a large network of licensed eye care professionals at private practices or popular retail locations like America's Best Contacts & Eyeglasses, Costco Optical, Eyeglass World, LensCrafters, Pearle Vision, Target Optical, Visionworks and Walmart[2].

Get discounts on LASIK

- You can also receive a discount on LASIK,[3] access to some of the latest lens technology like blue light filtering and progressive lenses, and even hearing aid discounts[4]

Shop frames and lenses at convenient online retailers

- Choice of online in-network eyewear stores, such as Glasses.com, ContactsDirect, 1 800 contacts and Befitting[2]

Consider this scenario:

*I never miss my children's games and I chaperone all their dances. Recently, when I had my eye exam, my doctor identified the early signs of diabetes. Thanks to our **vision coverage**, I have peace of mind knowing this was caught early. Now, I can be there to see my children play every game and never miss a dance.**
