

HOW TO VERIFY YOUR INSURANCE BENEFITS WITH WELLNET

Attention Associates,

Please note the important information below in order to properly verify your eligibility and benefits when utilizing our WellNet medical plan.

- Though our plans use the Cigna network, all eligibility and authorization requests must be verified by and submitted to WellNet
- Providers can verify eligibility and benefits online at wellnet.healthspace.net/providerportal, or by calling 800-727-1733

- This information is also listed on your ID Card
- Please note that Providers must verify eligibility and benefits thru Wellnet, not Cigna
- If Providers check the Cigna portal they will not be able to verify your coverage

Should you need further assistance, please contact All Atlantic Benefits at 305-809-8211, or WellNet at 700-727-1733
