curative

Your health journey starts with your Baseline Visit.

Your Baseline Visit is essential to taking control of your health and well-being. You'll meet with a Curative Clinician, followed by a Care Navigator. Everything is confidential, and it will not impact your premiums.

(855) 428-7284

Your $0 Benefits Start on Day One—Keep Them Going!

Your **$0** benefits begin on the first day of your effective date:

- **$0 Copay**
- **$0 Coinsurance**
- **$0 Deductible**

To keep these $0 benefits for the rest of the plan year, you must complete your Baseline Visit within **120 days** of your effective date.

5 Simple Steps to Prepare for Your Baseline Visit

1. **Gather your information**

   Have important health details ready to help your Curative Clinician understand your health history.

2. **Find a quiet, private spot**

   Use a closed office or quiet room—avoid noisy or public places. Do not complete your visit in a moving vehicle.

3. **Use a computer**

   A computer with a stable internet connection offers the best experience. If needed, you can use your phone or an employer provided computer.

4. **Know your health goals**

   Think about any goals—like managing stress or improving your diet—so your clinician can help create a plan that works for you.

5. **Relax and be honest**

   This is your time to focus on you. Be open about your health, habits, and challenges. Your clinician is here to guide and support you.

What to have on hand:

- Current healthcare providers
- List of medications
- Current pharmacy
- Planned care or surgeries
- Health concerns or questions you want to discuss

Curative is here to help. Your health journey starts with the Baseline Visit, and we're here to make the process as simple and easy as possible. Let's take this important step together toward better health.

**Refer to your Summary Plan Description and Benefits Booklet for more details on the Baseline Visit. Clinicians must be licensed in your state. Not all geographies include a clinician. Curative Primary Care is a physician-owned medical practice, and its clinicians exercise their own independent medical judgment. Members must complete a Baseline Visit within the first 120 days of the plan start date to qualify for $0 out-of-pocket costs.*
